RAJAMAHENDRAVARAM

RISE CLUB REPORT

2019-20

**DEPARTMENT OF SCIENCE AND HUMANITIES
UNIVERSITY COLLEGE OF ENGINEERING**

About RISE Club:

The RISE club has been started with the objective of development and exchange of relevant knowledge to learn and develop skills in various arenas of science and engineering

It is a platform to create awareness about technological advancements in various fields of science.

Objectives:

- To encourage individual and group activities.
- To stimulate active participation and access in learning process.
- To develop scientific temperament among the students.
- To develop expertise in practical sense through various intensive activities.
- To develop techniques for critical and logical things.

Proposed Activities:

- To conduct science programs and projects with students.
- Organize lectures, debates, seminars, quiz on various upcoming developments.
- Displaying science news.
- Celebrating birthdays of eminent scientists.
- Preparing of charts and posters model, etc.
